

# Supply Chain Mavens Inc.

*Empowering People, Productivity & Profits*

***Is bringing Virtual Instructor-Led SCOR-P Endorsement training to you throughout 2021!***

The ***Supply Chain Operations Reference (SCOR) model*** is the world's leading supply chain management framework. This integrated performance measurement system links business processes, benchmarked metrics, best industry practices and people skills into a unified structure to enable rapid enterprise growth.

***Scope:*** This training provides professionals and practitioners with an end-to-end overview of the entire supply chain. It is defined by the key processes of planning (PLAN), purchasing/supplying (SOURCE), producing (MAKE), distributing (DELIVER), reverse logistics (RETURN) and supporting (ENABLE).

***Who Should Attend?*** From industry newcomers to consultants, project or program managers, IT systems analysts, Lean practitioners, and in particular, leaders whose businesses are growing rapidly will develop concrete steps to create integrated metrics, align operational performance with executive strategy, improve execution processes and learn systemwide management skills.

***Schedule:*** We offer this 18-hour Online workshop in several formats.

***Costs:*** Prices cover all materials, exam fee and tuition. ASCM/APICS Member rate is **\$2765 (\$3500 Nonmembers)**. Materials consist of the following:

SCOR-P Participant Guide  
SCOR-P Framework  
SCOR-P Endorsement Exam Credit (**valid for six months**)

***Curriculum:*** Sessions are highly interactive with heavy emphasis on memorization, group discussions, real life examples and in-class projects. By the end of these three days, you will be able to deploy the SCOR model in your organization to:

- Improve fulfillment efficiency from process and cost perspectives
- Increase the speed of project and system implementations
- Implement well defined, sustainable processes
- Understand benchmarking and performance improvement best practices
- Recognize typical deliverables for any supply chain improvement project
- Use SCOR tools and techniques to identify key project elements

***Registration:*** Workshops are held online via Zoom. Your instructor for this workshop will be Ms. Janice Gullo, CPIM-F, CSCP-F, CLTD, SCOR-P, CPF, LSSMBB. Check our website, [www.supplychainmavens.net](http://www.supplychainmavens.net) for current class listings.
